

On Love : 100 of History` Greatest Writings on Love, Romance, and Relationships

Z Publishing

On Love is a collection of one hundred of history's greatest poetry and prose on love, romance, and relationships. Featuring many of the all-time greats--such as Leo Tolstoy, Charles Dickens, Jane Austen, Edgar Allan Poe, and many others--On Love examines life's most powerful force in the most beautiful terms that have ever been used to describe it. The Z Publishing Classic Anthology series is designed to introduce readers to history's greatest writers in a less daunting way. Rather than compile anthologies based on single authors, we compile anthologies on single topics. This way, readers can sample many of the great authors at once and see which ones they feel most connected to, before deciding to dig deeper into the works of any one author. Check out some of our other Classic Anthologies as well--such as On Life, On Happiness, and On Nature!
