

On the Origin of Universities : And Academical Degrees (Classic Reprint)

Henry Malden

Excerpt from On the Origin of Universities: And Academical Degrees Last year the Petitions for and against the grant of a Charter to the University of London were referred to a Committee of the Privy Council, and counsel heard in support of them. An intention was entertained of publishing the whole argument and I was requested to write a Preliminary Dissertation on the antiquities of the subject, that is, on the Origin of Universities and Academical Degrees. This I did accordingly but the intention of publishing the argument was dropped and my manuscript remained in my hands. I knew very well that my dissertation was very imperfect. It had been written hastily. Many books which I should have been glad to consult, and those not rare ones, it so happened that I had not been able to procure.
