

Only with the Heart

Linda Steinberg

Brian McKay hates Tinseltown. Everything in L.A. reminds him of his actor father, who deserted Brian when he was four. But when he needs funds to construct a model of his invention, a voice activated hotel suite, hes forced into a business partnership with his spoiled half-brother Connor. Brians got three weeks to complete and sell the product, then hes outta this town, and nothing can stop him. Except the distraction of a beautiful Beverly Hills do-gooder with a smile that can melt ice, and a heart big enough to embrace the whole world. Special education teacher and day camp volunteer Paige Anderson is looking for a way to draw out her shy, visually-impaired campers. When she visits her friend Connors design lab, she finds just the thing: a talking robot. Paige is even more intrigued by the robots creator and programmer, a surly loner with a chip on his shoulder who needs drawing out even more than her campers. But when she finally succeeds in opening Brian up, she finds a soul that attracts her as no one ever has before, and a heart that demands more than she has ever had to give.
